HB 444, AN ACT relating to planning and zoning in counties containing a city of the first class or consolidated local government.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 100.401 is amended to read as follows:

It is the intent of KRS 100.401 to 100.419 to strengthen the enforcement of binding elements which have been approved as part of a land use development plan in a county containing a city of the first class or consolidated local government***, as well as other land use provisions in that county***. This is intended to be done by extending to a planning commission in counties containing a city of the first class or consolidated local government the authority to issue remedial orders and impose civil fines in order to provide an equitable, expeditious, effective, and inexpensive method of ensuring compliance with approved land use plans as they apply to binding element agreements ***and land use provisions***. KRS 100.401 to 100.419 is intended and shall be construed to provide an additional or supplemental means of obtaining compliance with local zoning ordinances and nothing contained in KRS 100.401 to 100.419 shall prohibit the enforcement of local zoning ordinances by any other means authorized by law.

Section 2. KRS 100.403 is amended to read as follows:

As used in KRS 100.401 to 100.419, unless the context otherwise requires:

(1) "Land use enforcement officer" in a county containing a city of the first class or consolidated local government means an officer authorized by a planning commission to enforce binding elements.

(2) "Land use ordinance" in a county containing a city of the first class or consolidated local government means an official

action of a local government body which is a regulation of a general and permanent nature relating to the use and development of land within the jurisdictional boundary of the planning commission. It is enforceable as a local law and shall include any provision of a code of ordinances adopted by a local government which embodies all or part of an ordinance.

(3) "Local government" means a county containing a city of the first class or consolidated local government and all cities of the first through fourth classes within the county.

(4) "Binding element" in a county containing a city of the first class or consolidated local government means a binding requirement, provision, restriction, or condition imposed by a planning commission or its designee, or a promise or agreement made by an applicant in writing in connection with the approval of a land use development plan or subdivision plan.

(5) "Land use provision" in a county containing a city of the first class or consolidated local government means any provision of the regulatory authority granted to local governments and their respective planning units involving:

(a) Zoning regulations;

(b) Agreements between the planning unit and landowners or other persons dealing with conditional use permits;

(c) Agreements between the planning unit and landowners or other persons dealing with variances;

(d) Acknowledgments by the planning unit as to the legal scope and area of a nonconforming use; or

(e) Agreements between the planning unit and landowners or other persons dealing with land use restrictions.

Section 3. KRS 100.405 is amended to read as follows:

(1) The planning commission ***or board of zoning adjustment*** in counties containing a city of the first class or a consolidated local government may issue remedial orders and impose civil fines as a method of enforcing a binding element ***or land use provision*** when a violation of that binding element ***or land use provision*** has been classified as a civil offense in accordance with this section.

(2) Subject to the limitations set forth in subsections (1) and (3) of this section, if a local government elects to enforce a binding element ***or land use provision*** as a civil offense, it shall do so by ordinance, which shall provide:

(a) That a violation of the binding element ***or land use provision*** is a civil offense; and

(b) A maximum civil fine that may be imposed for each violation of a binding element ***or land use provision***.

(3) No local government shall classify the violation of a binding element ***or land use provision*** as a civil offense if the violation would also constitute an offense under any provision of the Kentucky Revised Statutes, including specifically and without limitation any provision of the Kentucky Penal Code and any moving motor vehicle offense.

Section 4. KRS 100.407 is amended to read as follows:

(1) Each planning commission which is given the authority by the local government to enforce binding elements ***and land use provisions*** shall have the power to:

(a)[~~(1)~~] Adopt rules and regulations to govern its operation and the conduct of its hearings***, or the operation and conduct of the board of zoning adjustment's hearings if the board of zoning adjustment is designated by the local legislative body to hear citation contests,*** that are consistent with the requirements of KRS 100.401 to 100.419.

(b)[~~(2)~~] Conduct hearings to determine whether there has been a violation of a binding element ***or land use provision. The local legislative body having authority over the planning commission may designate the board of zoning adjustment to conduct hearings to determine whether there has been a violation of a binding element or land use provision.***

(2) In order to conduct the hearings as described in this section, a planning commission, or a board of zoning adjustment which has been given the authority to conduct hearings by the local legislative body having authority over the planning commission, shall have the power to:

(a)[~~(3)~~] Subpoena alleged violators, witnesses, and evidence to its hearings. Subpoenas issued by the planning commission ***or board of zoning adjustment*** may be served by any land use enforcement officer.

(b)[~~(4)~~] Take testimony under oath. The chairman of the planning commission ***or board of zoning adjustment*** may administer oaths to witnesses prior to their testimony before the planning commission ***or board of zoning adjustment*** on any matter.

(c)[~~(5)~~]Make findings and issue orders that are necessary to remedy any violation of a binding element ***or land use provision***.

(d)[~~(6)~~] Impose civil fines as authorized in the ordinance on any person found to have violated any binding element ***or land use provision*** that the planning commission ***or board of zoning adjustment*** is authorized to enforce.

Section 5. KRS 100.409 is amended to read as follows:

(1) When a land use enforcement officer, based upon personal observation or investigation, has reasonable cause to believe that a violation of a binding element ***or land use provision*** has occurred, the officer may issue a warning notice and

citation to the offender. Prior to issuing a citation, the officer shall issue a warning notice giving the offender a specified period of time in which to remedy the violation. If the person to whom the notice is given fails or refuses to remedy the violation within the time specified, the land use enforcement officer may issue a citation. However, if the violation is deemed by the land use enforcement officer to be a threat to public safety, then a citation shall be immediately issued without a prior warning notice.

(2) Enforcement proceedings shall be initiated by the issuance of a citation by a land use enforcement officer.

(3) The citation issued by the land use enforcement officer shall be in a form prescribed by the planning commission and shall contain, in addition to any other information required by the planning commission:

  (a) The date and time of issuance;
  (b) The name and address of the person to whom the citation is issued;
  (c) The date and time the violation of the binding element ***or land use provision*** was committed;
  (d) The facts constituting the violation of the binding element ***or land use provision***;
  (e) A specific description of the binding element ***or land use provision*** violated;
  (f) The name of the land use enforcement officer;
  (g) The civil fine that will be imposed for the violation if the person does not contest the citation;
  (h) The procedure for the person to follow in order to pay the civil fine or to contest the citation; and
  (i) A statement that if the person fails to pay the civil fine set forth in the citation or to contest the citation within the time allowed, the person shall be deemed to have waived the right to a hearing before the planning commission ***or board of zoning adjustment*** to contest the citation, and that the determination that a violation was committed shall be final.

(4) After issuing a citation to an alleged violator, the land use enforcement officer shall notify the planning commission ***or board of zoning adjustment*** by delivering the citation to the administrative official designated by the planning commission.

(5) All citations issued shall be hand delivered to the alleged violator.

(6) When a citation is issued, the person to whom the citation is issued shall respond to the citation within fourteen (14) days of the date the citation is issued by either paying the civil fine set forth in the citation or requesting, in writing, a hearing before the planning commission ***or board of zoning adjustment*** to contest the citation. If the person fails to respond to the citation within fourteen (14) days, the person shall be deemed to have waived the right to a hearing to contest the citation and the determination that a violation was committed shall be considered final. In this event, the planning commission ***or board of zoning adjustment*** shall enter a final order determining that the violation was committed and imposing the civil fine set forth in the citation.

Section 6. KRS 100.411 is amended to read as follows:

(1) When a hearing before a planning commission ***or board of zoning adjustment*** has been requested, the planning commission ***or board of zoning adjustment***, through its clerical and administrative staff, shall schedule a hearing. The hearing shall be conducted within thirty (30) days of the date of the request, unless the person who requested the hearing requests or agrees to a continuance not to exceed thirty (30) days. All continuances must receive the approval of the planning commission ***or board of zoning adjustment***. Not less than seven (7) days before the date set for the hearing, the planning commission ***or board of zoning adjustment*** shall notify the person who requested the hearing of the date, time, and place of the hearing. The notice may be given by certified mail, return receipt requested; by personal delivery; or by leaving the notice at the person's usual place of residence with any individual residing therein who is eighteen (18) years of age or older and who is informed of the contents of the notice. Any person requesting a hearing before the planning commission ***or board of zoning adjustment*** who fails to appear at the time and place set for the hearing shall be deemed to have waived the right to a hearing to contest the citation and the determination that a violation was committed shall be final. In this event, the planning commission ***or board of zoning adjustment*** shall enter a final order determining that the violation was committed and imposing the civil fine set forth in the citation.

(2) Each case before a planning commission ***or board of zoning adjustment*** shall be presented by an attorney who shall be counsel to the commission ***or board***.

(3) All testimony shall be under oath and shall be recorded. The planning commission ***or board of zoning adjustment*** shall take testimony from the land use enforcement officer, the alleged offender, and any witnesses to the alleged violation offered by the land use enforcement officer or the alleged offender. Formal rules of evidence shall not apply, but fundamental due process shall be observed and shall govern the proceedings.

(4) After the hearing, the planning commission ***or board of zoning adjustment*** shall determine, based on the evidence presented, whether a violation was committed. When the commission ***or board*** determines that no violation was committed, an order dismissing the citation shall be entered. When the commission ***or board*** determines that a violation has been committed, the commission ***or board*** shall issue an order upholding the citation and may order the offender to pay a civil fine in an amount up to the maximum authorized by the ordinance, or may order the offender to remedy a

continuing violation within a specified time to avoid the imposition of a fine, or both, as authorized by the ordinance.

(5) Every final order of a planning commission ***or board of zoning adjustment*** shall be reduced to writing, which shall include the date the order was issued, and a copy of the order shall be furnished to the person named in the citation. If the person named in the citation is not present at the time a final order of the planning commission ***or board of zoning adjustment*** is issued, the order shall be delivered to that person by certified mail, return receipt requested; by personal delivery; or by leaving a copy of the order at that person's usual place of residence with any individual residing therein who is eighteen (18) years of age or older and who is informed of the contents of the order.

Section 7. KRS 100.413 is amended to read as follows:

(1) An appeal from any final order issued by a planning commission ***or board of zoning adjustment*** may be made to the District Court of the county in which the planning commission ***or board of zoning adjustment*** is located. The appeal shall be taken within thirty (30) days of the date the order is issued. The appeal shall be initiated by the filing of a complaint and a copy of the commission's ***or board's*** order in the same manner as any civil action under the Rules of Civil Procedure. The action shall be tried de novo and the burden shall be upon the planning commission ***or board of zoning adjustment*** to establish that a violation has occurred. If the court finds that a violation occurred, judgment shall be entered ordering the offender to pay to the planning commission ***or board of zoning adjustment*** all fines assessed for the violation. If the court finds a violation did not occur, the complaint shall be dismissed.

(2) A judgment of the District Court may be appealed to the Circuit Court in accordance with the Rules of Civil Procedure.

(3) If no appeal from a final order of a planning commission ***or board of zoning adjustment*** is filed within the time period set forth in this section, the planning commission's ***or board of zoning adjustment's*** order shall be deemed final for all purposes.

Section 8. KRS 100.415 is amended to read as follows:

The person or entity found to have committed a violation of a binding element ***or land use provision*** shall be responsible for the amount of all fines assessed for the violation. A planning commission ***or board of zoning adjustment*** may bring a civil action against the person or entity and shall have the same remedies as provided for the recovery of a debt.

Section 9. KRS 100.417 is amended to read as follows:

Nothing contained in KRS 100.401 to 100.419 shall prohibit a local government from taking immediate action to remedy a violation of a binding element ***or land use provision*** when there is reason to believe that the existence of the binding element violation ***or land use provision violation*** presents a serious threat to the public health, safety, and welfare, or if in the absence of immediate action, the effects of the binding element violation ***or land use provision violation*** will be irreparable or irreversible.

Section 10. KRS 100.419 is amended to read as follows:

The provisions of KRS 100.401 to 100.419 may be cited as the "Binding Element ***and Land Use Provision*** Enforcement Act."

Section 11. KRS 100.237 is amended to read as follows:

The board shall have the power to hear and decide applications for conditional use permits to allow the proper integration into the community of uses which are specifically named in the zoning regulations which may be suitable only in specific locations in the zone only if certain conditions are met:

(1) The board may approve, modify, or deny any application for a conditional use permit. If it approves such permit it may attach necessary conditions such as time limitations, requirements that one (1) or more things be done before the request can be initiated, or conditions of a continuing nature. Any such conditions shall be recorded in the board's minutes and on the conditional use permit, along with a reference to the specific section in the zoning regulation listing the conditional use under consideration. The board shall have power to revoke conditional use permits, or variances for noncompliance with the condition thereof. Furthermore, the board shall have a right of action to compel offending structures or uses removed at the cost of the violator and may have judgment in personam for such cost. ***If a local government has elected to establish a program to levy fines for violations of conditional use permit agreements in accordance with KRS 100.401 to 100.419, the planning unit shall also have the option of placing a fine for the period the violation continues on that parcel of land.***

(2) Granting of a conditional use permit does not exempt the applicant from complying with all of the requirements of building, housing, and other regulations.

(3) In any case where a conditional use permit has not been exercised within the time limit set by the board, or within one (1) year if no specific time limit has been set, such conditional use permit shall not revert to its original designation unless there has been a public hearing. "Exercised," as set forth in this section, shall mean that binding contracts for the construction of the main building or other improvement have been let; or in the absence of contracts that the main building or other improvement is under construction to a substantial degree, or that prerequisite conditions involving substantial investment under contract, in development, are completed. When construction is not a part of the use, "exercised" shall mean that the use is in operation in compliance with the conditions as set forth in the permit.

(4) The administrative official shall review all conditional use permits, except those for which all conditions have been permanently satisfied, at least once annually and shall have the power to inspect the land or structure where the conditional use is located in order to ascertain that the landowner is complying with all of the conditions which are listed on the

conditional use permit. If the landowner is not complying with all of the conditions listed on the conditional use permit, the administrative official shall report the fact in writing to the chairman of the board of adjustment. The report shall state specifically the manner in which the landowner is not complying with the conditions on the conditional use permit, and a copy of the report shall be furnished to the landowner at the same time that it is furnished to the chairman of the board of adjustment. The board shall hold a hearing on the report within a reasonable time, and notice of the time and place of the hearing shall be furnished to the landowner at least one (1) week prior to the hearing. If the board of adjustment finds that the facts alleged in the report of the administrative official are true and that the landowner has taken no steps to comply with them between the date of the report and the date of the hearing, the board of adjustment may authorize the administrative official to revoke the conditional use permit and take the necessary legal action to cause the termination of the activity on the land which the conditional use permit authorizes. ***If a local government has elected to establish a program to levy fines for violations of conditional use permit agreements in accordance with KRS 100.401 to 100.419, the planning unit shall also have the option of placing a fine for the period the violation continues on that parcel of land.***

(5) Once the board of adjustment has completed a conditional use permit and all the conditions required are of such type that they can be completely and permanently satisfied, the administrative official, upon request of the applicant, may, if the facts warrant, make a determination that the conditions have been satisfied, and enter the facts which indicate that the conditions have been satisfied and the conclusion in the margin of the copy of the conditional use permit which is on file. Thereafter said use, if it continues to meet the other requirements of the regulations, will be treated as a permitted use.

(6) When an application is made for a conditional use permit for land located within or abutting any residential zoning district, written notice shall be given at least fourteen (14) days in advance of the public hearing on the application to the applicant, administrative official, the mayor and city clerk of any city of the fifth or sixth class so affected within any county containing a city of the first class or a consolidated local government, an owner of every parcel of property adjoining the property to which the application applies, and such other persons as the local zoning ordinance, regulations, or board of adjustment bylaws shall direct. Written notice shall be by first-class mail with certification by the board's secretary or other officer that the notice was mailed. It shall be the duty of the applicant to furnish to the board the name and address of an owner of each parcel of property as described in this subsection. Records maintained by the property valuation administrator may be relied upon conclusively to determine the identity and address of said owner. In the event such property is in condominium or cooperative forms of ownership, then the person notified by mail shall be the president or chairperson of the owner group which administers property commonly owned by the condominium or cooperative owners. A joint notice may be mailed to two (2) or more co-owners of an adjoining property who are listed in the property valuation administrator's records as having the same address.

(7) When any property within the required notification area for a public hearing upon a conditional use permit application is located within an adjoining city, county, or planning unit, notice of the hearing shall be given at least fourteen (14) days in advance of the hearing, by first-class mail to certain public officials, as follows:

(a) If the adjoining property is part of a planning unit, notice shall be given to that unit's planning commission; or

(b) If the adjoining property is not part of a planning unit, notice shall be given to the mayor of the city in which the property is located or, if the property is in an unincorporated area, notice shall be given to the judge/executive of the county in which the property is located.

Section 12. KRS 100.285 is amended to read as follows:

(1) Upon application of all persons owning land comprising a subdivision, the planning commission may revoke the approval of a subdivision plat, including all dedications of public facilities, easements and rights-of-way.

(2) Before any plat shall be revoked, all owners shall, as part of their application for revocation, state under oath that no person has purchased a lot shown on the plat.

(3) A revocation shall become effective only upon:

(a) A notation on the margin of the recorded plat stating that such plat has been revoked and the date of such vote of revocation; such notation shall be signed by the chairman, secretary, or other duly authorized officer of the commission; and

(b) A written approval of such revocation filed with the commission, duly signed by each entity to which an offer of dedication of any public or private facility, easement or right-of-way was made on the plat.

(4) The remedy provided in this section is in addition to all other remedies provided by law and shall not impair the right of the commission or any interested party from filing an action in Circuit Court for such relief as may be appropriate. ***If a local government has elected to establish a program to levy fines for violations of land use provisions in accordance***

with KRS 100.401 to 100.419, the planning unit shall also have the option of placing a fine for the period the violation continues on that parcel of land.

Section 13. KRS 100.291 is amended to read as follows:

The planning commission shall have the power to apply for an injunction against any type of subdivision construction by the subdivider or the landowner where a subdivision's regulations have been violated. ***If a local government has elected to establish a program to levy fines for violations of land use provisions in accordance with KRS 100.401 to 100.419, the planning unit shall also have the option of placing a fine for the period the violation continues on that parcel of land.***

HB 446, AN ACT relating to property valuation administrators' offices and making an appropriation therefor.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 132.590 is amended to read as follows:

(1) The compensation of the property valuation administrator shall be based on the schedule contained in subsection (2) of this section as modified by subsection (3) of this section. The compensation of the property valuation administrator shall be calculated by the Department of Revenue annually. Should a property valuation administrator for any reason vacate the office in any year during his term of office, he shall be paid only for the calendar days actually served during the year.

(2) The salary schedule for property valuation administrators provides for nine (9) levels of salary based upon the population of the county in the prior year as determined by the United States Department of Commerce, Bureau of the Census annual estimates. To implement the salary schedule, the department shall, by November 1 of each year, certify for each county the population group applicable to each county based on the most recent estimates of the United States Department of Commerce, Bureau of the Census. The salary schedule provides four (4) steps for yearly increments within each population group. Property valuation administrators shall be paid according to the first step within their population group for the first year or portion thereof they serve in office. Thereafter, each property valuation administrator, on January 1 of each subsequent year, shall be advanced automatically to the next step in the salary schedule until the maximum salary figure for the population group is reached. If the county population as certified by the department increases to a new group level, the property valuation administrator's salary shall be computed from the new group level at the beginning of the next year. A change in group level shall have no affect on the annual change in step. Prior to assuming office, any person who has previously served as a property valuation administrator must certify to the Department of Revenue the total number of years, not to exceed four (4) years, that the person has previously served in the office. The department shall place the person in the proper step based upon a formula of one (1) incremental step per full calendar year of service:

(3) (a) For calendar year 2000, the salary schedule in subsection (2) of this section shall be increased by the amount of increase in the annual consumer price index as published by the United States Department of Commerce for the year ended December 31, 1999. This salary adjustment shall take effect on July 14, 2000, and shall not be

retroactive to the preceding January 1.

(b) For each calendar year beginning after December 31, 2000, upon publication of the annual consumer price index by the United States Department of Commerce, the annual rate of salary for the property valuation administrator shall be determined by applying the increase in the consumer price index to the salary in effect for the previous year. This salary determination shall be retroactive to the preceding January 1.

(c) In addition to the step increases based on service in office, each property valuation administrator shall be paid an annual incentive of six hundred eighty-seven dollars and sixty-seven cents ($687.67) per calendar year for each forty (40) hour training unit successfully completed based on continuing service in that office and, except as provided in this subsection, completion of at least forty (40) hours of approved training in each subsequent calendar year. If a property valuation administrator fails without good cause, as determined by the commissioner of the Kentucky Department of Revenue, to obtain the minimum amount of approved training in any year, the officer shall lose all training incentives previously accumulated. No property valuation administrator shall receive more than one (1) training unit per calendar year nor more than four (4) incentive payments per calendar year. Each property valuation administrator shall be allowed to carry forward up to forty (40) hours of training credit into the following calendar year for the purpose of satisfying the minimum amount of training for that year. This amount shall be increased by the consumer price index adjustments prescribed in paragraphs (a) and (b) of this subsection. Each training unit shall be approved and certified by the Kentucky Department of Revenue. Each unit shall be available to property valuation administrators in each office based on continuing service in that office. The Kentucky Department of Revenue shall promulgate administrative regulations in accordance with KRS Chapter 13A to establish guidelines for the approval and certification of training units.

(4) Notwithstanding any provision contained in this section, no property valuation administrator holding office on July 14, 2000, shall receive any reduction in salary or reduction in adjustment to salary otherwise allowable by the statutes in force on July 14, 2000.

(5) Deputy property valuation administrators and other authorized personnel may be advanced one (1) step in grade upon completion of twelve (12) months' continuous service. The Department of Revenue may make grade classification changes corresponding to any approved for department employees in comparable positions, so long as the changes do not violate the integrity of the classification system. Subject to availability of funds, the department may extend cost-of-living increases approved for department employees to deputy property valuation administrators and other authorized personnel, by advancement in grade.

(6) Beginning with the 1990-1992 biennium, the Department of Revenue shall prepare a biennial budget request for the staffing of property valuation administrators' offices. An equitable allocation of employee positions to each property valuation administrator's office in the state shall be made on the basis of comparative assessment work units. Assessment work units shall be determined from the most current objective information available from the United States Bureau of the Census and other similar sources of unbiased information. Beginning with the 1996-1998 biennium, assessment work units shall be based on parcel count per employee. The total sum allowed by the state to any property valuation administrator's office as compensation for deputies, other authorized personnel, and for other authorized expenditures shall not exceed the amount fixed by the Department of Revenue. However, each property valuation administrator's office shall be allowed as a minimum such funds that are required to meet the federal minimum wage requirements for two (2) full-time deputies.

(7) Beginning with the 1990-1992 biennium each property valuation administrator shall submit by June 1 of each year for the following fiscal year to the Department of Revenue a budget request for his office which shall be based upon the number of employee positions allocated to his office under subsection (6) of this section and upon the county and city funds available to his office and show the amount to be expended for deputy and other authorized personnel including employer's share of FICA and state retirement, and other authorized expenses of the office. The Department of Revenue shall return to each property valuation administrator, no later than July 1, an approved budget for the fiscal year.

(8) Each property valuation administrator may appoint any persons approved by the Department of Revenue to assist him in the discharge of his duties. Each deputy shall be more than twenty-one (21) years of age and may be removed at the pleasure of the property valuation administrator. The salaries of deputies and other authorized personnel shall be fixed by the property valuation administrator in accordance with the grade classification system established by the Department of Revenue and shall be subject to the approval of the Department of Revenue. The Personnel Cabinet shall provide advice and technical assistance to the Department of Revenue in the revision and updating of the personnel classification system, which shall be equitable in all respects to the personnel classification systems maintained for other state employees. Any deputy property valuation administrator employed or promoted to a higher position may be examined by the Department of Revenue in accordance with standards of the Personnel Cabinet, for the position to which he is being appointed or promoted. (d) Revenue collected as a result of the fines in this subsection shall be transferred to the food service fund of the local school district.

Section 2. KRS 157.420 is amended to read as follows:

Public school funds made available to the credit of each district during any year shall be received, held, and expended by the district board, subject to the provisions of law and administrative regulations of the Kentucky Board of Education. The following restrictions shall govern the expenditure of funds from the public school fund:

(1) The salary paid any rank of teachers shall be at least equivalent to the amount set forth in the biennial budget schedule for each rank and experience for a term of one hundred eighty-five (185) days for full-time service during the regular school year.

(2) Beginning with the 2004-2006 biennium, the Kentucky Board of Education shall not approve any working budget or salary schedule for local boards of education for any school year unless the one hundred eighty-five (185) day salary schedule for certified staff has been adjusted over the previous year's salary schedule by a percentage increase at least equal to the cost-of-living adjustment that is provided state government workers under the biennial budget. The base funding level in the program for support education excellence in Kentucky as defined in KRS 157.320 shall be increased by the statewide dollar value of the annual required cost-of-living percentage adjustment that shall be estimated on the sum of the previous year's statewide teachers' salaries.

(3) A district that compensates its teachers or employees for unused sick leave at the time of retirement, pursuant to KRS 161.155, may create an escrow account to maintain the amount of funds necessary to pay teachers or employees who qualify for receipt of the benefit. The fund is limited to not more than fifty percent (50%) of the maximum liability for the current year to be determined according to the number of staff employed by the district on September 15. Interest generated by the account shall be calculated as part of the total amount. The funds shall not be used for any purpose other than compensation for unused sick leave at the time of retirement and shall not be considered as part of the general fund balance in determining available local revenue for purposes of KRS 157.620.

(4) ***(a)*** The per pupil capital outlay allotment for each district from the public school fund and from local sources shall be kept in a separate account and may be used by the district only for capital outlay projects approved by the chief state school officer in accordance with requirements of law, and based on a survey made in accordance with administrative regulations of the Kentucky Board of Education. These funds shall be used for the following capital outlay purposes:

1.[~~(a)~~] For direct payment of construction costs;

2.[~~(b)~~] For debt service on voted and funding bonds;

3.[~~(c)~~] For payment or lease-rental agreements under which the board eventually will acquire ownership of a school plant;

4.[~~(d)~~] For the retirement of any deficit resulting from overexpenditure for capital construction, if such deficit resulted from an emergency declared by the Kentucky Board of Education under KRS 160.550; and

5.[~~(e)~~] As a reserve fund for the above-named purposes, to be carried forward in ensuing budgets.

(b) A local district may submit a request to the commissioner of education to use capital outlay funds for maintenance expenditures without forfeiting the district's participation in the School Facilities Construction Commission program. Maintenance shall not include property insurance.

(5) The district may contribute capital outlay funds for energy conservation measures under guaranteed energy savings contracts pursuant to KRS 45A.345, 45A.352, and 45A.353. Use of these funds, provided in KRS 45A.353, 56.774, and

58.600, shall be based on the following:

(a) The energy conservation measures shall include facility alteration;

(b) The energy conservation measures shall be identified in the district's approved facility plan;

(c) The current facility systems are consuming excess maintenance and operating costs;

(d) The savings generated by the energy conservation measures are guaranteed;

(e) The capital outlay funds contributed to the energy conservation measures shall be defined as capital cost avoidance as provided in KRS 45A.345(2) and shall be subject to the restrictions on usage as specified in KRS 45A.352(9); and

(f) The equipment that is replaced shall have exceeded its useful life as determined by a life-cycle cost analysis.

(6) If any district has a special levy for capital outlay or debt service that is equal to the capital outlay allotment or a proportionate fraction thereof, and spends the proceeds of that levy for the above-named purposes, the chief state school officer under administrative regulations of the Kentucky Board of Education, may authorize the district to use all or a proportionate fraction of its capital outlay allotment for current expenses. However, a district which uses capital outlay funds for current expenses shall not be eligible to participate in the School Facilities Construction Commission funds.

(7) If a survey shows that a school district has no capital outlay needs as shown in ***subparagraphs 1., 2., 3., and 4. of paragraph***[~~paragraphs~~] (a)[~~, (b), (c), and (d)~~] of subsection (4) of this section, upon approval of the chief state school officer, these funds may be used for school plant maintenance, repair, insurance on buildings, replacement of equipment, purchase of school buses, and the purchase of modern technological equipment, including telecommunications hardware, televisions, computers, and other technological hardware to be utilized for educational purposes only.

(8) In surveying the schools, the Department of Education shall designate each school facility as a permanent, functional, or transitional center.

(a) "Permanent center" means a center which meets the program standards approved by the Kentucky Board of Education, is located so that students are not subjected to an excessive amount of time being transported to the site, and has established an attendance area which will maintain enrollment at capacity but will also avoid overcrowding.

(b) "Functional center" means a center which does not meet all the criteria established for a permanent facility, but is adequate to meet accreditation program standards to insure no substantial academic or building deficiency. The facility plan shall include additions and renovations necessary to meet current accreditation standards for which federal, state, and local funds may be used.

(c) "Transitional center" means a center which the local board of education has determined shall no longer be designated permanent or functional. The center shall be destined to be closed and shall not be eligible for new construction, additions, or major renovation. However, the board of education shall maintain any operating transitional center to provide a safe and healthy environment for students.

(9) If a local school board authorized elementary, middle, or secondary education classes in a facility of a historical settlement school on January 1, 1994, the board shall continue to use the facilities provided by the settlement school if the facilities meet health and safety standards for education facilities as required by administrative regulations. The local school board and the governing body of the settlement school shall enter into a cooperative agreement that delineates the role, responsibilities, and financial obligations for each party.

Section 3. KRS 157.620 is amended to read as follows:

(1) To participate in the school construction funding program, the district must have unmet needs as defined by KRS 157.615 and must meet the following eligibility criteria:

(a) Commit at least an equivalent tax rate of five cents ($0.05) to debt service, new facilities, or major renovations of existing school facilities as defined by KRS 157.440. A district that levies the five cents ($0.05) and has not accepted an official offer of assistance from the School Facilities Construction Commission, made pursuant to KRS 157.611, may use receipts from the levy for other purposes as determined by the district board of education.

(b) On July 1 of odd-numbered years, the district board of education shall restrict all available local revenue, as defined by KRS 157.615, for school building construction, to be utilized in accordance with the priorities determined by the most current school facilities plan approved by the Kentucky Board of Education.

(2) Interest earned on restricted funds required by this section shall become a part of the restricted funds.

(3) Funds restricted by the requirements of this section may be used by the district for projects or a portion thereof as listed in priority order on the approved school facilities plan prior to receiving state funds. Any local school district which is not an eligible district may be permitted, upon written application to the Department of Education, to transfer funds restricted by KRS 157.611 to 157.640 for other school purposes.

(4) Not later than ***December***[~~October~~] 15 of the year immediately preceding an even-numbered year regular session of the General Assembly, the Kentucky Board of Education shall submit a statement to the School Facilities Construction Commission certifying the following in each district:

(a) The amount of school facility construction needs in each district;

(b) The amount of available local revenue in each district; and

(c) That the district has or has not met the eligibility criteria established by subsection (1) of this section.

(5) Construction needs shall be those needs specified in the school facilities plan approved by the Kentucky Board of Education as of June 30 of the year preceding an even-numbered year regular session of the General Assembly.

When such a nomination has been made, the certificate of nomination shall be signed by the chairman and secretary of the governing authority of the party making it, and shall be filed in the same manner as certificates of nomination at a primary election.

(4) If a vacancy occurs in the nomination of an unopposed candidate or in a nomination made by the primary before the certification of candidates for the regular election, and if that party's nominee was the only political party candidate for the office sought, the governing authority of each party may nominate a candidate for the regular election, provided that no person has sought that party's nomination by filing a notification and declaration.

(5) ***If a vacancy occurs in the nomination of a candidate under the conditions of subsection (3) or (4) of this section prior to September 15 preceding the day of the regular election, certificates of nomination for replacement candidates shall be filed in the same manner as provided in subsections (3) and (4) not later than 4 p.m. ten (10) days after the vacancy occurs, excluding weekends and legal holidays.*** If a vacancy occurs in the nomination of a candidate under the conditions

(6) If a vacancy in candidacy described in subsection (5) of this section occurs later than the second Thursday preceding the date of the regular election, no certificates of nomination shall be filed and any candidate whose name does not appear on the ballot may seek election by write-in voting pursuant to KRS 117.265.

(7) This section does not apply to candidates for members of boards of education, or presidential electors, nor to candidates participating in nonpartisan elections.

Section 2. KRS 118.305 is amended to read as follows:

If the county clerk determines that the name of any replacement candidate cannot be accommodated on the existing ballot or ballot cards and if there is insufficient time before the election to reprint the entire ballot, the county clerk shall request approval to use supplemental paper ballots for voting for that office only in the same manner as permitted for other situations as provided in KRS 118.215(5), and, if approved, shall have an adequate number of supplemental paper ballots printed for voting for that office and only votes cast for that office by means of the supplemental paper ballots shall be tabulated and recorded by the precinct election officers and county board of elections. When a candidate has been replaced as provided in KRS 118.105(5) after absentee ballots have been printed and distributed for the regular election, neither the precinct election officers nor the county board of elections shall tabulate or record any absentee votes cast for the candidate who was replaced. If ballots are reprinted or supplemental paper ballots are printed***, or if voting machines must be reprogrammed to count the votes cast for a replacement candidate***, the costs for the printing ***and reprogramming*** shall be paid by the political party who has nominated a replacement candidate, or proportionately by each political party if each party nominates a replacement candidate;

(4) Except as provided in KRS 118.105 and 118.115, the name of no candidate shall be printed upon the ballot labels and absentee ballots for any regular election as the nominee of any political party, as defined in KRS 118.015, or under the emblem of any political party, as so defined, except those candidates who have been duly and regularly nominated as nominees of that party at a primary election held as provided in this chapter.

(5) No county clerk shall knowingly cause to be printed, upon the ballot labels or absentee ballots for any regular election, the name of any candidate of a political party, as defined in KRS 118.015, who has not been nominated in the manner provided in the primary election laws or the name of any candidate who is not in compliance with the restrictions concerning party registration and candidacy provided in subsection (1) of KRS 118.315.

(6) The names of candidates for President and Vice President shall be certified in lieu of certifying the names of the candidates for presidential electors.

The Attorney General may request the registry's attorney or the appropriate county or Commonwealth's attorney to prosecute the matter and may request from the registry all evidence collected in its investigation. In the event the Attorney General or the appropriate local prosecutor fails to prosecute in a timely fashion, the registry may petition the Circuit Court to appoint the registry's attorney to prosecute, and upon a motion timely filed, for good cause shown, the court shall enter an order to that effect.

HJR 72, By amending the title to read, "A JOINT RESOLUTION establishing a Railroad Revitalization Task Force.".

SB 83, AN ACT relating to speed limits.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 189.390 is amended to read as follows:

(1) As used in this section, unless the context requires otherwise:

(a) "Business district" means the territory contiguous to and including a highway if, within six hundred (600) feet along the highway, there are buildings in use for business or industrial purposes that occupy three hundred (300) feet of frontage on one (1) side or three hundred (300) feet collectively on both sides of the highway;

(b) "Residential district" means the territory contiguous to and including a highway not comprising a business district if the property on the highway for a distance of three hundred (300) feet or more is improved with residences or residences and buildings in use for business; and

(c) "State highway" means a highway or street maintained by the Kentucky Department of Highways.

(2) An operator of a vehicle upon a highway shall not drive at a greater speed than is reasonable and prudent, having regard for the traffic and for the condition and use of the highway.

(3) ***The speed limit for motor vehicles on state highways shall be as follows, unless***~~[If]~~ conditions exist that require lower speed for compliance with subsection (2) of this section, ***or the secretary of the Transportation Cabinet establishes a different speed limit in accordance with subsection (4) of this section***~~[the speed of any vehicle in excess of the limits specified in this section shall be unlawful]~~:

(a) ***Sixty-five (65) miles per hour on interstate highways, and parkways;***

(b) Fifty-five (55) miles per hour on all other state highways; and

(c) Thirty-five (35) miles per hour in a business or residential district~~[For vehicles other than motor vehicles of five (5) horsepower or less, thirty-five (35) miles per hour in any business or residential district, except as provided in subsection (5) of this section, and fifty-five (55) miles per hour in other locations, except where the speed limit has been posted at sixty-five (65) miles per hour;]~~

~~[(b) For motor vehicles of five (5) horsepower or less, thirty-five (35) miles per hour in any location except as provided~~

~~in subsection (5) of this section;~~]

[~~(c) Vehicles using off-street parking facilities offered for public use whether publicly or privately owned, fifteen (15) miles per hour~~].

(4) (a) If the secretary of transportation determines, upon the basis of an engineering and traffic investigation, that any speed limit is greater or less than is reasonable or safe under the conditions found to exist at any intersection, or upon any part of a state highway, the secretary of transportation may establish by official order a reasonable and safe speed limit at the location. The secretary shall not increase any speed limit established by subsection (3) of this section in excess of ***sixty-five (65)***[~~fifty-five (55)~~] miles per hour***, except that, notwithstanding the provision of subsection (3)(a) of this section, the secretary may increase the speed limit on any interstate highway or any parkway with four (4) or more lanes to seventy (70) miles per hour***.

(b) In a highway work zone, the Transportation Cabinet may temporarily reduce established speed limits without an engineering or traffic investigation. A speed limit established under this paragraph shall become effective when and where posted. The Transportation Cabinet shall post signs notifying the traveling public of the temporary highway work zone maximum speed limit. Nothing in this paragraph shall be construed to prevent the Transportation Cabinet from using moveable or portable speed limit signs in highway work zones.

(5) (a) A city or a county may by ordinance establish speed limits within its own jurisdiction, except as provided in paragraph (b) of this subsection.

(b) The alteration of speed limits on state highways within a city or a county shall not be effective until the alteration has been approved by the secretary of transportation. The secretary shall not approve any alteration that could increase any speed limit established by subsection (3)***(b) or (c)*** of this section in excess of fifty-five (55) miles per hour.

(c) If a county determines, upon the basis of an engineering and traffic investigation and study, that it is unsafe to park motor vehicles on or along any highway, other than a state highway, within the unincorporated areas of the county, or that in any business district the congestion of traffic justifies a reasonable limitation on the length of time any one (1) motor vehicle is permitted to park in such district so as to reduce the congestion, the fiscal court may by ordinance establish "no parking" areas on the highway, or limit the length of time any motor vehicle may be parked in any business district.

[~~(d) Notwithstanding the other limitations in this subsection, the secretary of transportation may establish, by official order, reasonable and safe speed limits on interstate highways and divided highways with four (4) or more lanes and fully controlled access, a speed limit not to exceed sixty-five (65) miles per hour.~~]

(6) The speed limit for motor vehicles in an off-street parking facility offered for public use, whether publicly or privately owned, shall be fifteen (15) miles per hour.

(7) A person shall not drive a motor vehicle at a speed that will impede or block the normal and reasonable movement of traffic, except when reduced speed is necessary for safe operation or in compliance with law.

(8)[~~(7)~~] In every charge for a violation of any speed limit specified in this section, the warrant or citation shall specify the speed at which the defendant is alleged to have driven, and the lawful speed limit applicable at the location where the violation is charged to have occurred.

Section 2. KRS 189.340 is amended to read as follows:

(1) Vehicles overtaking other vehicles proceeding in the same direction shall pass to the left of them and shall not again drive to the right until reasonably clear of those vehicles. Vehicles overtaking streetcars may pass either to the right or left when so directed by a police officer, when on a one (1) way street or where the location of the tracks prevents compliance with this section, with regard for other traffic.

(2) The operator of a vehicle may overtake and pass upon the right of another vehicle only under the following conditions:

(a) When the vehicle overtaken is making or about to make a left turn;

(b) Upon a roadway with unobstructed pavement of sufficient width for two (2) or more lines of vehicles moving lawfully in the direction being traveled by the overtaking vehicle.

(3) The operator of a vehicle may overtake and pass another vehicle upon the right only under conditions permitting such movements in safety. Such movement shall not be made by driving off the roadway unless passing vehicle comes to a complete stop and such movement may be made safely.

(4) No vehicle shall be driven to the left side of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless the left side is clearly visible and free of oncoming traffic for a sufficient distance ahead to permit overtaking and passing to be completely made without interfering with the safe operation of any vehicle approaching from the opposite direction or any vehicle overtaken. In every event, the overtaking vehicle must return to the right-hand side of the roadway before coming within two hundred (200) feet of any vehicle approaching from the opposite direction.

(5) The commissioner of highways is hereby authorized to determine those portions of any highway where overtaking and passing or driving to the left of the roadway would be especially hazardous and may by appropriate signs or markings on

the roadway indicate the beginning and end of such zones, and when such signs or markings are in place and clearly visible to an ordinarily observant person, every driver of a vehicle shall obey the directions thereof.

(6) Whenever any roadway has been divided into three (3) clearly marked lanes for travel, the following additional rules shall apply:

(a) A vehicle shall be driven as nearly as may be practical entirely within a single lane and shall not be moved from that lane until the driver has first ascertained that the movement can be made with safety;

(b) A vehicle shall not be driven in the center lane except when overtaking and passing another vehicle where the roadway is clearly visible and the center lane is clear of traffic within a safe distance, or in preparation for a left turn or where a center lane is at the time allocated exclusively to traffic moving in the direction in which the vehicle is proceeding and is signposted to give notice of the allocation; and

(c) Official signs may be erected directing slow-moving traffic to use a designated lane or allocating specified lanes to traffic moving in the same direction and operators of vehicles shall obey the directions of such signs.

(7) A vehicle shall not be driven in the left lane of any limited access highway of four (4) lanes or more with a posted speed limit of ***at least*** sixty-five (65) miles per hour, except in overtaking a slower vehicle, yielding to traffic coming onto such a highway or when traffic conditions exist which would prohibit safe use of the right or center lanes.

(8) (a) The operator of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having regard for the speed of the vehicle and the traffic upon and condition of the highway.

(b) The operator of any motor truck, semitrailer truck, bus, or heavy construction equipment unit, when traveling upon a highway outside of a business or residential district, shall not follow within two hundred fifty (250) feet of another such vehicle or equipment unit. This subsection shall not prevent overtaking and passing, nor shall it apply to any lane specially designated for use of motor trucks or semitrailer trucks, buses or heavy construction equipment units.

"Section 15. KRS 15.520 is amended to read as follows:

(1) In order to establish a minimum system of professional conduct of the police officers of ~~[local]~~ units of government of this Commonwealth, the following standards of conduct are stated as the intention of the General Assembly to deal fairly and set administrative due process rights for police officers of the ~~[local]~~ unit of government and at the same time providing a means for redress by the citizens of the Commonwealth for wrongs allegedly done to them by police officers covered by this section:

(a) Any complaint taken from any individual alleging misconduct on the part of any police officer, as defined herein, shall be taken as follows:

1. If the complaint alleges criminal activity on behalf of a police officer, the allegations may be investigated without a signed, sworn complaint of the individual;

2. If the complaint alleges abuse of official authority or a violation of rules and regulations of the department, an affidavit, signed and sworn to by the complainant, shall be obtained;

3. If a complaint is required to be obtained and the individual, upon request, refuses to make allegations under oath in the form of an affidavit, signed and sworn to, the department may investigate the allegations, but shall bring charges against the police officer only if the department can independently substantiate the allegations absent the sworn statement of the complainant;

4. Nothing in this section shall preclude a department from investigating and charging an officer both criminally and administratively.

(b) No threats, promises, or coercions shall be used at any time against any police officer while he or she is a suspect in a criminal or departmental matter. Suspension from duty with or without pay, or reassignment to other than an officer's regular duties during the period shall not be deemed coercion. Prior to or within twenty-four (24) hours after suspending the officer pending investigation or disposition of a complaint, the officer shall be advised in writing of the reasons for the suspension;

(c) No police officer shall be subjected to interrogation in a departmental matter involving alleged misconduct on his or her part, until forty-eight (48) hours have expired from the time the request for interrogation is made to the accused officer, in writing. The interrogation shall be conducted while the officer is on duty. The police officer may be required to submit a written report of the alleged incident if the request is made by the department no later than the end of the subject officer's next tour of duty after the tour of duty during which the department initially was made aware of the charges;

(d) If a police officer is under arrest, or likely to be arrested, or a suspect in any criminal investigation, he shall be afforded the same constitutional due process rights that are accorded to any civilian, including, but not limited to, the right to remain silent and the right to counsel, and shall be notified of those rights before any questioning commences. Nothing in this section shall prevent the suspension with or without pay or reassignment of the police officer pending disposition of the charges;

(e) Any charge involving violation of any ~~[local]~~ unit of government rule or regulation shall be made in writing with sufficient specificity so as to fully inform the police officer of the nature and circumstances of the alleged violation in order that he may be able to properly defend himself. The charge shall be served on the police officer in writing;

(f) When a police officer has been charged with a violation of departmental rules or regulations, no public statements shall be made concerning the alleged violation by any person or persons of the ~~[local]~~ unit of government or the police officer so charged, until final disposition of the charges;

(g) No police officer as a condition of continued employment by the ~~[local]~~ unit of government shall be compelled to speak or testify or be questioned by any person or body of a nongovernmental nature; and

(h) When a hearing is to be conducted by any appointing authority, legislative body, or other body as designated by the Kentucky Revised Statutes, the following administrative due process rights shall be recognized and these shall be the minimum rights afforded any police officer charged:

1. The accused police officer shall have been given at least seventy-two (72) hours notice of any hearing;

2. Copies of any sworn statements or affidavits to be considered by the hearing authority and any exculpatory statements or affidavits shall be furnished to the police officer no less than seventy-two (72) hours prior to the time of any hearing;

3. If any hearing is based upon a complaint of an individual, the individual shall be notified to appear at the

time and place of the hearing by certified mail, return receipt requested;

4. If the return receipt has been returned unsigned, or the individual does not appear, except where due to circumstances beyond his control he cannot appear, at the time and place of the hearing, any charge made by that individual shall not be considered by the hearing authority and shall be dismissed with prejudice;
5. The accused police officer shall have the right and opportunity to obtain and have counsel present, and to be represented by the counsel;
6. The appointing authority, legislative body, or other body as designated by the Kentucky Revised Statutes shall subpoena and require the attendance of witnesses and the production by them of books, papers, records, and other documentary evidence at the request of the accused police officer or the charging party. If any person fails or refuses to appear under the subpoena, or to testify, or to attend, or produce the books, papers, records, or other documentary evidence lawfully required, the appointing authority, legislative body, or other body as designated by the Kentucky Revised Statutes may report to the Circuit Court or any judge thereof the failure or refusal, and apply for a rule. The Circuit Court, or any judge thereof, may on the application compel obedience by proceedings for contempt as in the case of disobedience of the requirements of a subpoena issued from the court;
7. The accused police officer shall be allowed to have presented, witnesses and any documentary evidence the police officer wishes to provide to the hearing authority, and may cross-examine all witnesses called by the charging party;
8. Any police officer suspended with or without pay who is not given a hearing as provided by this section within sixty (60) days of any charge being filed, the charge then shall be dismissed with prejudice and not be considered by any hearing authority and the officer shall be reinstated with full back pay and benefits; and
9. The failure to provide any of the rights or to follow the provisions of this section may be raised by the officer with the hearing authority. The hearing authority shall not exclude proffered evidence based on failure to follow the requirements of this section but shall consider whether, because of the failure, the proffered evidence lacks weight or credibility and whether the officer has been materially prejudiced.

(2) Any police officer who shall be found guilty by any hearing authority of any charge, may bring an action in the Circuit Court in the county in which the ~~[local]~~ unit of government may be located to contest the action of that hearing authority, and the action shall be tried as an original action by the court.

(3) The judgment of the Circuit Court shall be subject to appeal to the Court of Appeals. The procedure as to appeal to the Court of Appeals shall be the same as in any civil action. As the provisions of this section relate to a minimum system of professional conduct, nothing herein shall be construed as limiting or in any way affecting any rights previously afforded to police officers of the Commonwealth by statute, ordinance, or working agreement.

(4) The provisions of this section shall apply only to police officers of ~~[local]~~ units of government who receive funds pursuant to KRS 15.410 through 15.992.

Section 16. Officers identified in subsection (1)(c)5.a. to f. of Section 4 of this Act and their employing units of government shall not become eligible to receive Law Enforcement Foundation Program funds until July 1, 2008.".

Representative Pasley moved the adoption of the following **HR 178**:

HR 178, A RESOLUTION adjourning the House of Representatives in honor of Don Rose, recipient of the 2006 AARP Andrus Award for Community Service for Kentucky.

WHEREAS, the AARP Andrus Award can be traced back to the life and vision of Dr. Ethel Percy Andrus who founded the organization in 1958. Her motto, "to serve, not to be served," has shaped AARP's community service efforts at the national, state, and local levels throughout the years, and the Andrus Award is the group's most prestigious award, recognizing one person from each state who has demonstrated the power to make life better through efforts that advance AARP's mission, vision, values, and priorities; and

WHEREAS, Don Rose, an "everyday hero" to those who know him, is committed to serving others and has inspired and touched many lives. Whether driving older neighbors to doctors' appointments, teaching Driving Safety, advocating for AARP legislation with his Chapter, or delivering fresh produce from his garden, Mr. Rose is always serving others. He serves on the Marine Corps League of Winchester Honor Guard and assists at the funerals of all veterans in the Clark County area. As the lead volunteer in the Veterans' History Project in the area, he has amassed more than 100 recorded histories of American war veterans to be entered into the archives of the Library of Congress. He has also trained many volunteers to continue his work, and encouraged Morehead State University to include World War II, Korean War, and Vietnam War veterans' histories as part of the history curriculum; and

WHEREAS, Mr. Rose is just one of tens of thousands of volunteers who assist over 2.6 million people annually through a variety of community-based AARP programs and activities, and he has dedicated his heart, time, and skills in fulfilling Dr. Ethel Percy Andrus' vision and legacy of providing education, promoting volunteer service, and advocating for everyone of advancing years;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. The House of Representatives salutes Mr. Don Rose, deserving recipient of the 2006 AARP Andrus Award for Community Service for Kentucky, and a man who exemplifies the words of the founder of AARP, "The person who uses a portion of his leisure to the unselfish service of his fellowman finds in his purposefulness that he can influence and change existing circumstances for the better."

Section 2. When the House of Representatives adjourns this day, it does so in honor of Mr. Don Rose.

Section 3. The Clerk of the House of Representatives is directed to transmit a copy of this Resolution to Mr. Don Rose, 1148 The Ridings Road, Winchester, Kentucky 40391-8205.

Section 12. KRS 610.265 is amended to read as follows:

(1) Any child who is alleged to be a status offender or who is accused of being in contempt of court on an underlying finding that the child is a status offender may be detained in a nonsecure facility, a secure juvenile detention facility, or a juvenile holding facility for a period of time not to exceed twenty-four (24) hours, exclusive of weekends and holidays, pending a detention hearing. Any child who is accused of committing a public offense or of being in contempt of court on an underlying public offense may be detained in a secure juvenile detention facility or juvenile holding facility for a period of time not to exceed forty-eight (48) hours, exclusive of weekends and holidays or, if neither is reasonably available, an intermittent holding facility, for a period of time not to exceed twenty-four (24) hours, exclusive of weekends and holidays, pending a detention hearing.

(2) (a) Within the period of detention described in subsection (1) of this section, exclusive of weekends and holidays, a detention hearing shall be held by the judge or trial commissioner of the court for the purpose of determining whether the child shall be further detained. At the hearing held pursuant to this subsection, the court shall consider the nature of the offense, the child's background and history, and other information relevant to the child's conduct or condition.

(b) If the court orders a child detained further after the detention hearing, that detention shall be served as follows:

1. If the child is charged with a capital offense, Class A felony, or Class B felony, detention shall occur in either a secure juvenile detention facility or a juvenile holding facility pending the child's next court appearance subject to the court's review of the detention order prior to that court appearance.

2. If it is alleged that the child is a status offender, detention shall occur in a nonsecure setting approved by the Department of Juvenile Justice pending the child's next court appearance subject to the court's review of the detention order prior to the next court appearance.

3. If a status offender is charged with violating a valid court order, and the court orders the child to serve detention, that detention shall be served in a nonsecure setting approved by the Department of Juvenile Justice unless the court issues an order in accordance with the requirements of subparagraph 4. of this paragraph.

4. Prior to ordering a status offender who is subject to a valid court order securely detained because the child violated the valid court order, the court shall:

a. Affirm that the requirements for a valid court order were met at the time the original order finding the child to be a status offender was issued;

b. Make a determination during the detention hearing that there is probable cause to believe that the child violated the valid court order; and

c. Within seventy-two (72) hours of the initial detention of the child, exclusive of weekends and holidays,~~[receive an oral report in court and on the record delivered by an appropriate public agency other than the court or a law enforcement agency,]~~ or receive and review a written report prepared by an appropriate public agency other than the court or a law enforcement agency that reviews the behavior of the child and the circumstances under which the child was brought before the court, determines the reasons for the child's behavior, and determines whether all dispositions other than secure detention have been exhausted or are inappropriate. If a sufficient prior written report is included in the child's file, that report may be used to satisfy this requirement. The child may be securely detained for a period not to exceed seventy-two (72) hours pending receipt and review of the report by the court. The court shall conduct a violation hearing within twenty-four (24) hours of the receipt of the report. If the report is available at the time of the detention hearing, the violation hearing may be conducted at the same time as the detention hearing. The hearing shall be conducted in accordance with the provisions of KRS 610.060. The findings required by this subsection shall be included in any order issued by the court which results in the secure detention of a status offender.

5. If the child is charged with a public offense, or contempt of court on an underlying public offense, and the county in which the case is before the court is not served by a state operated secure detention facility under the statewide detention plan, detention may occur in a secure juvenile detention facility, juvenile holding facility, or a nonsecure setting approved by the Department of Juvenile Justice pending the child's next court appearance, subject to the court's review of the detention order prior to that court appearance.

6. If the child is charged with a public offense, or contempt on a public offense, and the county in which the case is before the court is served by a state operated secure detention facility under the statewide detention plan, the child shall be referred to the Department of Juvenile Justice for a security assessment and placement in an approved detention facility or program pending the child's next court appearance.

Section 13. KRS 630.080 is amended to read as follows:

(1) In order for the court to detain a child after the detention hearing, the Commonwealth shall establish probable cause at the detention hearing that the child is a status offender and that further detention of the child is necessary for the protection of the child or the community. If the Commonwealth fails to establish probable cause that the child is a status offender, the complaint shall be dismissed and the child shall be released. If the Commonwealth establishes probable cause that the child is a status offender, but that further detention of the child is not necessary for the protection of the child or the community, the child shall be released to the parent or person exercising custodial control or supervision of the child. If grounds are established that the child is a status offender, and that further detention is necessary, the child may be placed in a nonsecure setting approved by the Department of Juvenile Justice;

(2) A status offender may be securely detained if the cabinet has initiated or intends to initiate transfer of the youth by competent document under the provisions of the interstate compact pursuant to KRS Chapter 615;

If a sufficient prior written report is included in the child's file, that report may be used to satisfy this requirement. The child may be securely detained for a period not to exceed seventy-two (72) hours pending receipt and review of the report by the court. The court shall conduct a violation hearing within twenty-four (24) hours of the receipt of the report, exclusive of weekends and holidays. If the report is available at the time of the detention hearing, the violation hearing may be conducted at the same time as the detention hearing. The hearing shall be conducted in accordance with the provisions of KRS 610.060. SJR 48, A JOINT RESOLUTION relating to the Kentucky All Schedule Prescription Electronic Reporting program.

WHEREAS, the Kentucky All Schedule Prescription Electronic Reporting program (KASPER) is proving to be an increasingly effective tool in combating the problem of prescription drug abuse in the Commonwealth; and

WHEREAS, the effectiveness of KASPER greatly depends on the ability of the system to capture information in regard to controlled substance prescriptive activity and this effectiveness can be defeated by obtaining prescriptions from medical practitioners in adjoining states; and

WHEREAS, the General Assembly, recognizing this weakness, has specifically authorized the secretary of the Cabinet for Health and Family Services to enter into reciprocal agreements with any other state or states of the United States to share prescription drug monitoring information if the other state's prescription drug monitoring program is compatible with the program in Kentucky; and

WHEREAS, the KASPER program has made significant strides in reducing the time lag experienced by users in retrieving information from the system but room yet remains for improvement, including the possibility of real-time access for medical and pharmaceutical practitioners;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. The Cabinet for Health and Family Services shall actively and immediately exercise the authority delegated to the secretary of that cabinet in 2004 to enter into reciprocal agreements with other states relative to the Kentucky All Schedule Prescription Electronic Reporting (KASPER) system.

Section 2. The Cabinet for Health and Family Services shall actively and immediately identify and resolve the personnel, hardware, software, and regulatory steps needed to achieve the goal of allowing KASPER system users real-time access to the system and its capabilities.

Section 3. The secretary of the Cabinet for Health and Family Services shall prepare and tender to the Legislative Research Commission by November 1, 2007, a report detailing the actions of the secretary and the cabinet taken in accordance with this Joint Resolution.

However, at no time shall a charitable organization's total limitations under this subsection exceed twenty-five thousand dollars ($25,000).

(2) Any charitable organization exempt from the process of applying for a license under subsection (1) of this section, shall notify the office in writing, on a simple form issued by the office, of its intent to engage in exempt charitable gaming and the address at which the gaming is to occur. Any charitable organization exempt from the process of applying for a license under subsection (1) of this section, shall comply with all other provisions of this chapter relating to the conduct of charitable gaming, except:

- (a) Payment of the fee imposed under the provisions of KRS 238.570; and
- (b) The quarterly reporting requirements imposed under the provisions of KRS 238.550(5), unless the exempt charitable organization obtains a retroactive license pursuant to subsection (5) of this section.

Upon receipt of the yearly financial report, the office shall notify the charitable organization submitting it that its exemption is renewed for the next year. If the office determines that information appearing on the financial report renders the charitable organization ineligible to possess an exemption, the office shall revoke the exemption. The organization may request an appeal of this revocation pursuant to KRS 238.565. If an exemption is revoked because an organization has exceeded the limit imposed in subsection (1) of this section, the organization shall apply for a retroactive license in accordance with subsection (3) of this section.

(3) If an organization exceeds the limit imposed by any subsection of this section it shall:

(a) Report the amount to the office; and

(4) Upon receipt of a report and application for a retroactive charitable gaming license, the office shall investigate to determine if the organization is otherwise qualified to hold the license.

(5) If the office determines that the applicant is qualified, it shall issue a charitable gaming license retroactive to the date on which the exemption limit was exceeded. The retroactive charitable gaming license shall be issued in the same manner as regular charitable gaming licenses.

(6) If the office determines that the applicant is not qualified it shall deny the license and take enforcement action, if appropriate.

(7) Once a retroactive or regular gaming license is issued to an organization, that organization shall not be eligible for exempt status in the future and shall maintain a charitable gaming license if it intends to continue charitable gaming activities, unless the charitable organization has not exceeded the exemption limitations of subsection (1) of this section for a period of two (2) years prior to its exemption request.

(8) In order to qualify for licensure, a charitable organization shall:

However, a charitable organization that has established and maintained an office or place of business in the county for a period of at least one (1) year may hold a raffle drawing in a Kentucky county other than that in which the organization's office or place of business is located if the organization notifies the Office of Charitable Gaming in writing of the organization's intent to change the drawing's location at least thirty (30) days before the drawing takes place. This written notification may be transmitted in any commercially reasonable means, authorized by the office, including facsimile and electronic mail. The notification shall set out the place and the county in which the drawing will take place. Approval by the office shall be received prior to the conduct of the raffle drawing at the new location. Any charitable organization that was registered with the county clerk to conduct charitable gaming in a county on or before March 31, 1992, shall satisfy this requirement if it maintained a place of business or operation, other than for the conduct of charitable gaming, for one (1) year prior to application in a Kentucky county adjoining the county in which they were registered. Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 304.39-210 is amended to read as follows:

(1) Basic and added reparation benefits are payable monthly as loss accrues. Loss accrues not when injury occurs, but as work

loss, replacement services loss, or medical expense is incurred. Benefits are overdue if not paid within thirty (30) days after the reparation obligor receives reasonable proof of the fact and amount of loss realized, unless the reparation obligor elects to accumulate claims for periods not exceeding thirty-one (31) days after the reparation obligor receives reasonable proof of the fact and amount of loss realized, and pays them within fifteen (15) days after the period of accumulation. ***The provider of medical services shall submit the statement for services within forty-five (45) days of the day treatment is initiated and every forty-five (45) days thereafter, if appropriate, as long as medical services are rendered.*** Notwithstanding any provision of this chapter to the contrary, benefits are not overdue if a reparation obligor has not made payment to a provider of services due to the request of a secured person when the secured person is directing the payment of benefits among the different elements of loss. If reasonable proof is supplied as to only part of a claim, and the part totals one hundred dollars ($100) or more, the part is overdue if not paid within the time provided by this section. Medical expense benefits may be paid by the reparation obligor directly to persons supplying products, services, or accommodations to the claimant, if the claimant so designates. ***In no event shall a fee for medical expenses exceed the limitations of the Kentucky workers' compensation fee schedule as set forth in KRS 342.035 and in administrative regulations adopted pursuant thereto. (2) Overdue payments bear interest at the rate of twelve percent (12%) per annum, except that if delay was without reasonable foundation the rate of interest shall be eighteen percent (18%) per annum.

(3) A claim for basic or added reparation benefits shall be paid without deduction for the benefits which are to be subtracted pursuant to the provisions on calculation of net loss if these benefits have not been paid to the claimant before the reparation benefits are overdue or the claim is paid. The reparation obligor is entitled to reimbursement from the person obligated to make the payments or from the claimant who actually receives the payments.

(4) A reparation obligor may bring an action to recover benefits which are not payable, but are in fact paid, because of an intentional misrepresentation of a material fact, upon which the reparation obligor relies, by the insured or by a person providing an item of medical expense. The action may be brought only against the person providing the item of medical expense, unless the insured has intentionally misrepresented the facts or knows of the misrepresentation. An insurer may offset amounts he is entitled to recover from the insured under this subsection against any basic or added reparation benefits otherwise due.

(5) A reparation obligor who rejects a claim for basic reparation benefits shall give to the claimant prompt written notice of the rejection, specifying the reason. If a claim is rejected for a reason other than that the person is not entitled to the basic reparation benefits claimed, the written notice shall inform the claimant that he may file his claim with the assigned claims bureau and shall give the name and address of the bureau.

If real property within a development area that was previously exempt from taxation is added to the tax rolls within the development area within the five (5) years immediately preceding the year in which the development plan is developed, the addition of that property to the tax rolls shall not constitute growth in the assessed value of property within the development area for purposes of this paragraph. Any actual increases in assessed value of added property after the property is added shall be considered in the same manner as other real property in determining overall growth within the development area; and

(b) That the development area is not reasonably expected to be developed without public assistance. This finding shall be supported by specific reasons and supporting facts, including a clear demonstration of the financial need for public assistance; and

(c) That the public benefits of the development area justify the public costs proposed. This finding shall be supported by specific data and figures demonstrating that the projected benefits outweigh the anticipated costs and shall take into account the positive and negative effects of investment in the development on existing businesses and residents within the community as a whole; and

HB 188, On page 8, after line 11 by inserting the following:

"Section 4. KRS 65.6851 is amended to read as follows:

For any development area for which increments do not include revenues from the Commonwealth:

(1) Any governing body establishing a development area may impose an assessment on each person employed in the development area, as a condition of employment, whose job was newly created as a result of a project, and as determined by the policies and procedures established by the governing body, subject to the conditions in subsection (6) of this section, and who is subject to the state tax imposed by KRS 141.020. A job shall not be deemed to be newly created under this section if it occurs due to the relocation of jobs from another location within the Commonwealth.

(2) Subject to KRS 65.6853, the total assessment levied by any governing body within the development area shall not exceed an amount equal to two percent (2%) of the gross wages of the employee.

(3) Each person so assessed shall be entitled to credits against ***the Kentucky income tax equal to the assessment withheld from wages during the calendar year as provided by Sections 5 and 6 of this Act. The credit shall not exceed the amount of the assessment imposed.*** [~~any local occupational license fee or payroll tax of the governing body that established the development area and the job development assessment fee, if an occupational license fee is then levied by that governing body and is not otherwise totally used as a credit against assessments imposed under Subchapter 23, 24, or 26 of KRS Chapter 154, and provided that the amount does not exceed the amount of the occupational licensing fee or payroll tax paid to that local government by the employee. If the governing body that created the job development assessment fee has no occupational license fee, the employee shall not be entitled to receive a credit against any other governmental agency's occupational license fee~~].

(4) Subsequent to the establishment of a development area by one (1) governing body, no other governing body may levy an assessment in any portion of the development area that would cause the total assessment in any portion of the development area to exceed two percent (2%) of the gross wages of the employee, subject to KRS 65.6853. If more than one (1) governing body jointly establishes a development area, the governing bodies that establish the development area shall agree upon the amount of the assessment and the manner by which the assessment is to be prorated among the governing bodies establishing the development area.

(5) Any assessment of employees in connection with their employment at a project levied under this section shall permanently lapse on the date:

  (a) Any bonds issued in connection with acquiring or developing the infrastructure of a development area, in accordance with KRS 65.680 to 65.699, are retired; or

  (b) Any loans or other financing incurred in connection with the establishment of a development area mature or are prepaid in full.

(6) For the purposes of this section:

  (a) The development area shall be a previously undeveloped tract of land;

  (b) No more than five hundred (500) acres may be approved in any twelve (12) month period in any county; and

  (c) Acceptable developments shall be limited to projects as defined in KRS 65.680.

(7) Any agency that has established a development area under KRS 65.680 to 65.699 prior to July 15, 2002, unless otherwise approved by the agency, shall continue to operate under the provisions of KRS 65.680 to 65.699 as determined by the policies and procedures established by the agency prior to July 15, 2002.

Section 5. KRS 141.310 is amended to read as follows:

(1) Every employer making payment of wages on or after January 1, 1971, shall deduct and withhold upon the wages a tax determined under KRS 141.315 or by the tables authorized by KRS 141.370.

(2) If wages are paid with respect to a period which is not a payroll period, the amount to be deducted and withheld shall be that applicable in the case of a miscellaneous payroll period containing a number of days, including Sundays and holidays, equal to the number of days in the period with respect to which the wages are paid.

(3) If wages are paid by an employer without regard to any payroll period or other period, the amount to be deducted and withheld shall be that applicable in the case of a miscellaneous payroll period containing a number of days equal to the

number of days, including Sundays and holidays, which have elapsed since the date of the last payment of wages by the employer during the calendar year, or the date of commencement of employment with the employer during the year, or January 1 of the year, whichever is the later.

(4) In determining the amount to be deducted and withheld under this section, the wages may, at the election of the employer, be computed to the nearest dollar.

(5) The tables mentioned in subsection (1) of this section shall consider the standard deduction.

(6) The department may permit the use of accounting machines to calculate the proper amount to be deducted from wages when the calculation produces substantially the same result as set forth in the tables authorized by KRS 141.370. Prior approval of the calculation shall be secured from the department at least thirty (30) days before the first payroll period for which it is to be used.

(7) The department may, by administrative regulations, authorize employers:

- (a) To estimate the wages which will be paid to any employee in any quarter of the calendar year;
- (b) To determine the amount to be deducted and withheld upon each payment of wages to the employee during the quarter as if the appropriate average of the wages estimated constituted the actual wages paid; and
- (c) To deduct and withhold upon any payment of wages to the employee during the quarter the amount necessary to adjust the amount actually deducted and withheld upon the wages of the employee during the quarter to the amount that would be required to be deducted and withheld during the quarter if the payroll period of the employee was quarterly.

(8) The department may provide by regulation, under the conditions and to the extent it deems proper, for withholding in addition to that otherwise required under this section and KRS 141.315 in cases in which the employer and the employee agree to the additional withholding. The additional withholding shall for all purposes be considered tax required to be deducted and withheld under this chapter.

(9) Effective January 1, 1992, any employer required by this section to withhold Kentucky income tax who assesses and withholds from employees the job assessment fee provided in KRS 154.24-110 may offset a portion of the fee against the Kentucky income tax required to be withheld from the employee under this section. The amount of the offset shall be four-fifths (4/5) of the amount of the assessment fee withheld from the employee or the Commonwealth's contribution of KRS 154.24-110(3) applies. If the provisions in KRS 154.24-150(3) or (4) apply, the offset, the offset shall be one hundred percent (100%) of the assessment.

(10) Any employer required by this section to withhold Kentucky income tax who assesses and withholds from employees an assessment provided in KRS 154.22-070 or KRS 154.28-110 may offset the fee against the Kentucky income tax required to be withheld from the employee under this section.

(11) Any employer required by this section to withhold Kentucky income tax who assesses and withholds from employees the job assessment fee provided in KRS 154.26-100 may offset a portion of the fee against the Kentucky income tax required to be withheld from the employee under this section. The amount of the offset shall be four-fifths (4/5) of the amount of the assessment fee withheld from the employee, or if the agreement under KRS 154.26-090(1)(f)2. is consummated, the offset shall be one hundred percent (100%) of the assessment fee.

(12) Any employer required by this section to withhold Kentucky income tax who assesses and withholds from employees the job development assessment fee provided in KRS 154.23-055 may offset a portion of the fee against the Kentucky income tax required to be withheld from the employee under this section. The amount of the offset shall be equal to the Commonwealth's contribution as determined by KRS 154.23-055(1) to (3).

(13) ***Any employer required by this section to withhold Kentucky income tax whose employees are subject to the assessment provided in Section 4 of this Act shall offset the fee against the Kentucky income tax required to be withheld from the employee under this section. The amount of offset shall equal the amount of the fee.***

(14) Any employer required by this section to withhold Kentucky income tax may be required to post a bond with the department. The bond shall be a corporate surety bond or cash. The amount of the bond shall be determined by the department, but shall not exceed fifty thousand dollars ($50,000).

(15)[~~(14)~~] The Commonwealth may bring an action for a restraining order or a temporary or permanent injunction to restrain or enjoin the operation of an employer's business until the bond is posted or the tax required to be withheld is paid or both. The action may be brought in the Franklin Circuit Court or in the Circuit Court having jurisdiction of the defendant.

Section 6. KRS 141.350 is amended to read as follows:

The amount deducted and withheld as tax under KRS 141.310 and 141.315 during any calendar year upon the wages of any individual and the amount of credit described in KRS 154.22-070(2), 154.23-055, 154.24-110, 154.24-150(3) and (4), 154.26-100(2), [~~or~~] 154.28-110 ***or Section 4 of this Act*** shall be allowed as a credit to the recipient of the income against the tax imposed by KRS 141.020, for taxable years beginning in the calendar year. If more than one (1) taxable year begins in the calendar year, the amount shall be allowed as a credit against the tax for the last taxable year so beginning."
